

Prayer Master Challenge Walk

On the way, look out for a tiny wonder. Take a photo remember that God cares about the tiny things as well as the huge things.

Start at the **Methodist Church**. Count how many windows you can see. For each window, say out loud one person you're thinking about at the moment.

Do a **funny walk** up **West Parade**. The funnier the better! Bonus points if other people laugh. At the corner with The Crescent, ask God to give you joy during tricky times.

Head down **The Crescent** and on your way challenge your grown up to tell you a time when they've felt that God is really close to them.

Turn up **East Parade** towards the cafe. For this bit, move in **Slow Motion!** Try to talk super slowly too. In a super slow voice, chat to God and what you're looking forward to in 6 months time.

Create an **exercise routine** on the grass by the cafe. (not too close to the cafe please). After an amazing 5min workout, ask God that he would look after us and keep us safe and well.

Finish off in **the park**. Thank God for our friends, name them one by one as you use each piece of play equipment.

This could just be the start of your prayer master challenge walk. You could head to The Rec, up to Highgrove Church, to the school and chat to God about whatever comes into your head.

Remember to send photographic evidence to Jo in order to receive your **Prayer Master Certificate!**

PRAYER MASTER
